

Target Compliance Support/End-to-end Action Items

- **Regulatory & Certification:**
 - Review and ensure compliance with FDA/USDA regulations.
 - Prepare for GFSI certification audits (SQF, BRC, FSSC 22000).
 - Implement FSMA preventive controls.
- **Labeling & Packaging:**
 - Verify that all product labels meet FDA and Target's requirements.
 - Ensure GS1 barcode and packaging compliance.
- **Allergen Control:**
 - Develop and document an allergen management plan to prevent cross-contamination.
 - Confirm allergen labels are accurate and compliant.
- **Traceability & Recall:**
 - Set up a traceability system to track ingredients and finished products.
 - Create and implement a product recall plan.
- **GMP Compliance:**
 - Ensure production follows GMP standards for sanitation, hygiene, and safety.
- **Shelf Life & Packaging Testing:**
 - Verify conducted shelf life tests to ensure product freshness and safety.
 - Ensure that packaging integrity testing for quality assurance is effectively carried out.
- **Sustainability & Ethical Sourcing:**
 - Develop and verify the implementation of sustainable sourcing practices to meet Target's requirements.
- **Vendor Code of Conduct:**
 - Review and verify the alignment of business operations with Target's Vendor Code of Conduct.
