

Proposition 65 Compliance Set-Up Services Action Items

Schedule Initial Consultation

Arrange a meeting with InterlinkIQ to discuss your specific compliance needs and objectives.

Identify key stakeholders from your team to participate.

Conduct Initial Compliance Assessment

Provide documentation of your current product offerings and ingredients.

Complete any questionnaires or surveys provided by InterlinkIQ to facilitate the assessment.

Compile Chemical Inventory

Gather a comprehensive list of all materials and ingredients used in your products.

Submit this inventory to InterlinkIQ for review and analysis.

Develop Compliance Strategy

Collaborate with InterlinkIQ to outline specific compliance steps and timelines.

Review and approve the proposed compliance strategy.

Create Warning Labels

Work with InterlinkIQ to draft compliant warning labels for affected products.

Finalize and approve the warning labels for production.

Implement Training Program

Schedule training sessions for staff on Proposition 65 requirements and compliance practices.

Distribute educational materials provided by InterlinkIQ to all relevant employees.

Set Up Documentation System

Establish a record-keeping system for compliance documentation as outlined by InterlinkIQ.

Ensure that all compliance-related records are organized and easily accessible.

Communicate with Suppliers

Reach out to suppliers to discuss chemical content in materials and request compliance documentation.

Develop guidelines for ongoing supplier assessments and communication.

Establish Ongoing Compliance Monitoring Plan

Collaborate with InterlinkIQ to create a schedule for regular compliance reviews and updates.

Designate a team member to oversee compliance monitoring efforts.

Prepare for Potential Litigation

Review risk management strategies with InterlinkIQ to address any potential compliance issues.

Compile necessary documentation to support your business in case of legal challenges.
